

## 9. ONE DAY MORE – Les Misérables

Jean            One day more.  
                  Another day, another destiny.  
                  This never ending road to Calvary.  
                  These men who seem to know my crime  
                  will surely come a second time.  
                  One day more.

Marius         I did not live until today,  
                  how can I live when we are parted?

Jean            One day more.

Mar/Cos        Tomorrow you'll be worlds away,  
                  And yet with you my world has started.

Eponine        One more day all on my own,  
Mar/Cos        Will we ever meet again?

Eponine        One more day with him not caring.

Mar/Cos        I was born to be with you.

Eponine        What a life I might have known,  
Marius         And I swear I will be true.

Eponine        But he never saw me there.

Enjolras       One more day before the storm  
Marius         Do I follow where she goes?  
Enjolras       at the barricades of freedom.  
Marius         Shall I join my brothers there?  
Enjolras       When our ranks begin to form  
Marius         Do I stay and do I dare?  
Enjolras       will you take your place with me?  
Allen          The time, is now, the day, is here!

Jean            One day more.

Javert         One day more to revolution,  
                  we will nip it in the bud.  
                  We'll be ready for these schoolboys,  
                  they will wet themselves with blood.

Jean            One day more.

Thénard       Watch 'em run amuck.  
                  Catch 'em as they fall.  
                  Never know your luck  
                  when there's a free for all.  
                  Here a little 'dip'.  
                  There a little 'touch'.

Most of them are goners  
so they won't miss much.

Stud 1 One day to a new beginning.  
Stud 2 Raise the flag of freedom high,
